

Welcome to
Elwell
Elementary
School

Imagine. Explore. Grow.

We develop inquisitive, resourceful, and capable learners through a variety of hands-on opportunities. Authentic challenges promote critical thinking, collaboration, and communication skills while building core knowledge and nurturing creativity.

WHY PROJECT BASED LEARNING (PBL)?

PBL makes school more like our modern world, fostering collaborative workers and independent problem solvers. Students engaged in PBL experience a joy of learning.

AN INNOVATIVE ELEMENTARY SCHOOL
TO MEET THE CHALLENGES OF
OUR EVER-EVOLVING WORLD

EXPLORATION
is **CURIOSITY**
put into **ACTION**

Next Generation Leaders

We provide innovative experiences that develop confident and independent students, nurture inquiry through the exploration and testing of new concepts, and promote the mindset needed to establish students as next generation leaders.

"You cannot get through a single day without having an impact on the world around you. What you do makes a difference, and you have to decide what kind of a difference you want to make."

• Jane Goodall •

Discover our STATE-OF-THE-ART Elementary School

Our team worked closely with highly qualified architects to create state-of-the-art environments which support collaboration and foster innovation. Technology is integrated throughout.

We are organized to work as grade level teams and personalized small learning communities to create a sense of belonging while providing teachers and learners the comfort, variety, and choice they need to optimize learning for every student.

A generous two-story central space enables teams to come together for shared activities and every group of students will have direct access to outdoor learning spaces.

All Students Have Direct
Access to Outdoor
Learning Spaces

Community and Exploration

Community and exploration are central to who we are. Our students learn from, experience, and serve the wider community. In addition to best serving our students and staff, our building was also designed to complement town amenities to provide maximum benefit to our wider community.

Empowering Learners to Thrive at Elwell and Beyond
