## **Not Ready for College Right After Graduation?**

McLane Western would like to reach out to students who will be graduating this May and are looking to start a career right outside of high school? McLane has a variety of warehouse positions available to those students with a high school diploma that are over the age of 18. Forklift Operators, Loaders, and Selectors are just a few of the positions they have for graduated students, with starting wages anywhere from \$14/hour to \$18.30/hour.

Their hiring tends to ramp up right around May when students are trying to figure out what they are wanting to do after graduating if college is not an immediate option. Even if they are wanting to attend college down the road, McLane offers a tuition reimbursement program to teammates who have been with the company longer than 90 days and are in an approved area of study (i.e. business, management, or logistics to name a few).

For more information, contact Kylee Legino HR Specialist with McLane Western in Longmont, Colorado. (303)682-7576
